Ask Your Parents' Permission to Have a Garden

You Can Enjoy One Find a little room

and have a garden this year. More than a million other boys and girls will do the same thing. Think of the nice fresh melons, vegetables and flowers you can grow.* Plant a few packets of seeds and watch them grow into big, healthy plants.

Take This Blank Home

Have your parents help you to select the kinds of flowers and vegetables you would like to plant. Then take the order with the money to pay for the seeds back to your teacher, who will send us all the orders from your room at one time.

Word to Parents Let your boy or girl have a gar-

den. It is fascinating, profitable and healthful. Prices include delivery. The quality of the seed is guaranteed. Opposite each variety, we tell you how many seeds each packet contains. Complete gardening instructions with every order.

Twenty-second Year This is the twenty-

second year we have been supplying Penny Packet Seeds for school and home gardens. We have pupil customers in more than one hundred thousand schools throughout the United States. The big list of customers permits us to keep the price in reach of all.

THE CHILDREN'S FLOWER MISSION

School Garden Dept. of

THE TEMPLIN-BRADLEY CO.

5700 DETROIT AVENUE, CLEVELAND, OHIO

D. N. Shoemaker

Every Facility to Serve You Well!

When customers visit our establishment, invariably they are impressed by our facilities. Because of this, no doubt you, too, would be interested in knowing how we are prepared to give you good service. Let's go through the main building!

We'll start in the seed department, for the first stock to come in each fall after harvest is seed—vegetable seed—flower seed and lawn seed.

Here we find tier upon tier of shelving, both heavy and light. The heavy, bulky beans, peas and corn and the lawn seeds take a lot of room and must be kept in such shape that we can get at any bag of seed instantly. Can you imagine several carloads of seeds, all on one floor?

One visitor recently said "Where is all this seed used? It looks as though you had enough to plant all the ground in America."

Section of order filling department. Daily capacity more than 300,000 packets.

It is in the seed department that our interesting testing and seed packing equipment is located. One electric seed incubator has space for making several hundred germinating tests at one time. These incubators are Mr. Templin's invention and enable us to be sure of the germinating qualities of all our seeds.

The Seed Packing Machines—eight of them, will open—fill—seal and count 240,000 packets of seed per day. In our rush season, each spring we actually ship out many more packets than that each day.

As we pass through the seed order filling section, we see more than 35 people filling seed orders. Many of these people have been with us for ten years and more and have become very expert. This department fills as many as 7,500 individual seed orders in one day.

Before we go into the Bulb and Shrub Department, we will stop off for just a moment in the big general offices and in the mailing room. In the offices, every letter is cut open by an electric letter opener which slits the envelope but never cuts the letter, order or remittance.

Then there is the big specially built auditing machine which gives us a quick accurate statement of all the orders that arrive each day—numbers every order and tells us how each customer paid for the goods ordered.

Then there is the record of every sale made to each customer, all on stencils. When your order arrives, your stencil is placed in an electric machine and a gummed label for the seed shipment, one for the bulb and shrub shipment—two packer's checks and other forms are imprinted with your complete, correct name and address.

This equipment is so accurate and rapid that addressing mistakes are practically impossible.

There is enough of interest here to hold your attention for hours at a time. But, we must hurry on, for everyone is busy. We'll stop in the mailing room for a moment. Here the Cleveland Postmaster keeps two or three of his expert clerks to cancel stamps and place the catalogs—parcel post packages of seeds, bulbs or shrubs in the big mail sacks.

Parcel Post by the Ton

As fast as the sacks are filled, they are loaded onto big auto trucks and delivered direct to outgoing mail trains on all the railroads. None of our parcel post mail has to go into the Cleveland Post Office and this saves our customers the delays that another handling there would entail.

Now, we will go into the Nursery or Bulb and Shrub Department. This is at once about the dirtiest and at the same time the most interesting place in the house. As you know—seeds are always very clean when they arrive from the harvest. But Nursery stock is dug late in the fall—after frost has killed the foliage and it comes in with earth on the roots. Some of it is "heeled in" in the great nursery cellars and some of it is packed down in great boxes 10 feet long and still other things are stored in open top boxes in great racks to allow the curing process to continue.

Bulbs, shrubs and roses and fruit trees all become dormant over winter, so none of the beauties of these items are to be seen in the Nursery Department. But, it is a real job to keep these dormant things in good condition so they will grow when properly planted in your garden. Here again we see evidences everywhere of Mr. Templin's lifetime of experience. The order filling section is interesting, for we must have complete assortment of everything offered in the catalog, in such order that order fillers can fill your order rapidly and accurately. You will notice the big room where labels are attached to the goods. Shrubs have little wooden, printed labels, attached with copper wire. Bulbs are wrapped in tough, Kraft paper or placed in bags bearing name, catalog number and quantity, plainly printed and so on with many methods, according to kind of stock, so each customer can identify everything we ship. I wish every customer could come and visit us during the busy season—then all could see what I have tried to picture of our splendid facilities.

Those who do come are always enthusiastic over what they see. And strangely, little things which we seldom think worth mentioning often seem important and highly interesting. Two ladies came in from Iowa to see us last year and were surprised that we could and did find her spring seed order in just a moment, after it had been in our house more than eight months.

Eight packing machines—one of special design, each having a daily capacity of more than 30,000 packets

U. S. Postal clerks, right in our own building, cancel stamps and route packages direct to trains.

Four to five tons of parcel post packages are started on their journey each day.

A Partial View of Our Trial Grounds

Quality Uppermost!

Anything you buy for your vegetable or flower garden must be bought on the strength of your faith in your seedsman-nursery man. This is because practically every item is either in the form of seed or a dormant plant, the identity of which cannot be determined at a glance. If you have been a customer, you know from experience that our treatment is fair. You have had your money's worth or your money back. But, if you have never bought anything from us, how will you get the faith in us that others have? By knowing how we do what might be termed the professional or technical part of our business.

Ask Your Doctor Your physician learns a lot in school, but he will tell you that he learned a great deal from his practice after he left school. He makes every case a means of improving his ability to handle the next one. The seed and nursery business is like that. The old, well known varieties have certain fixed habits. They are early or late or tall or dwarf or large or small. But, by constantly working with all the varieties, your seedsman-nurseryman learns a lot more about them and he gets to know which producers are doing the best job of developing certain varieties to a state of perfection that will enable the average gardener to succeed.

For example, the new aster offered on the second page of the order blank. While in Europe, visiting some noted seed producers in 1925, I found this variety in the fields of one of the most reliable houses. After showing it to me, he said that he had been working on that particular aster for several years and had just gotten it to the point where its characteristics had become fixed. He had nearly given it up two years previously because it would not come true from seed in every case. But he kept on roguing and finally his seed came true.

Three Generations This man was the third generation of a family that had been producing flower seeds. He had a lifetime of experience and the training of his father and grandfather. And, do you know that he never sold a bit of that Aster Seed until he felt sure he had a strain that would give you and other flower lovers the degree of satisfaction you should have? Of course, such seed is expensive. Much labor has been put on it. The gardener rarely thinks of the long, patient work that someone has placed on every single variety. This work is going on every day. Producers—Horticultural Schools—State and National Departments of Agriculture—all contribute a great deal to keeping this business on a high plane.

Our own experimental farm and trial ground enables us to place a still closer check on everything we sell. No item ever comes in from our own farms or from our producers that is not again tested in our laboratory for germination and in our trial grounds for type characteristics.

Lots of our gardener customers are people of experience. Often they offer us seeds and plants they have produced. More times than not, we could buy from them cheaper than we could grow it or have it grown by our experts. But, if we bought from these good customers, we would not know how good it was and it would not be long before our customers began to notice a lowering of quality.

A Noted Seedsman I think Templin-Bradley's customers have been and are fortunate in having had the life-work of a man like Mr. Templin at their service in every transaction. I know practically every seedsman in all the nations where

seeds are produced and I believe Mr. Templin is one of the most experienced—most practical of all. He closed his fiftieth year in the business last year. His friends presented him with a bound volume of testimonial letters—attesting to his character and ability as a seedsman and nurseryman. Two of our European producers referred in their letters to the fact that Mr. Templin had been receiving seeds from them for more than forty of his fifty business years.

I have said and continue to say a lot about Mr. Templin. That is because he is the real head of the house—in fact, as well as name. I know that his leadership is sound and his ideals of service are the sort to tie to.

Other Experts Besides Mr. Templin in this establishment, we have many experts—men and women who have specialized in certain phases of the seed and nursery business and who are as sincerely concerned with your success in your gardening activities as you are.

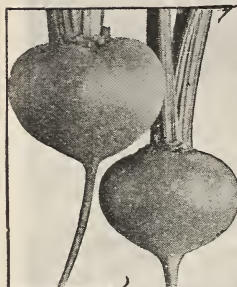

When you make up your order, I hope you will realize that our only chance to succeed in this business is tied up very closely in the success of your garden. I believe that if you purchase anything we offer in this book and follow the cultural directions which we supply with every order, you will succeed. By that success, I hope to make and keep you a steady customer as long as you have a garden and need anything for it.

G. A. Bradley
V. P. & Treas.

A Corner of Our Own Nursery Where Much of This Stock Is Grown

Penny-Packet Vegetable Seeds

Beet, Crosby's Egyptian

All Vegetable Seeds Nos. 1 to 20 are sold to School Children at one cent a packet and we state the approximate number of seeds each packet will contain. Cultural instructions will be printed on each packet.

1 Beet Crosby's Egyptian. A very early beet of excellent quality. Roots smooth blood red, turnip shaped. More extensively grown than any other variety. Pkt. 100 seeds 1c.

2 Cabbage Early Jersey Wakefield. A splendid home garden or market variety, very early to form heads which are uniform, conical or pointed. Fine grained of excellent quality. Pkt. 200 seeds 1c.

3 Cabbage Premium Late Flat Dutch. Forms tremendous flattened heads fine and firm. One of the best of winter keepers and producing most for space occupied. Pkt. 200 seeds 1c.

4 Carrot Danver's Half Long. The most popular carrot, productive and of good quality. Roots are smooth and attractive for bunching. Pkt. 500 seeds 1c.

5 Swiss Chard or Spinach Beet

No other vegetable produces more nutritious greens from a small space. It grows rapidly forming large luscious leaves and wax-like stems, which may be cooked and served like Asparagus or Spinach. Pkt. 100 seeds 1c.

Two Fine Cucumbers

6 Improved White Spine The best most universally satisfactory variety for slicing. Fruits medium long, attractive green with sparkling white flesh. Pkt. 40 seeds 1c.

7 Jersey Pickle Produces picking after little fruits just the right size for pickling. Makes an attractive and delicious pickle. Pkt. 40 seeds 1c.

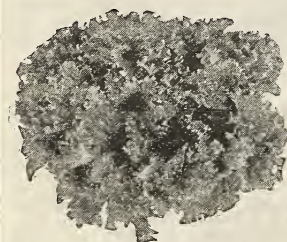

Carrot, Danver's

11 Onion Yellow Globe Danvers. The most satisfactory onion grown. Forms bulbs quickly yet is a good keeper. Flesh tender and medium mild. We offer select seed. Pkt. 200 seeds 1c.

12 Parsley Moss Curled. Useful for flavoring soups or stews and for garnishing. This is the best fine curled leaf variety. Pkt. 250 seeds 1c.

13 Parsnip Large Sugar or Hollow Crown. Most popular variety in existence. Large, smooth, tender roots sweet and rich. Pkt. 200 seeds 1c.

Lettuce, Curled Simpson

Three Fine Radishes

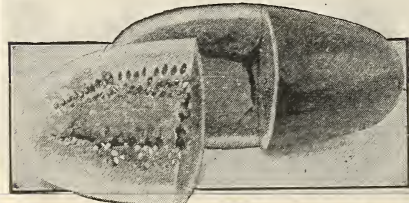

14 Scarlet Globe Extra Early. The best early round red Radish ready to eat quickly, crisp and tender. Pkt. 150 seeds 1c.

15 Icicle Long White. Grows quickly to long smooth waxy white roots that are very tender. Pkt. 150 seeds 1c.

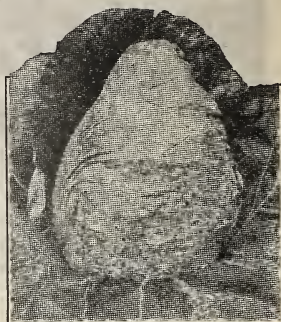

16 French Breakfast Exceedingly attractive little roots, olive shaped, bright red with clear white tip. Very popular. Pkt. 150 seeds 1c.

Radish, Scarlet Globe

Watermelon, Halbert's Honey

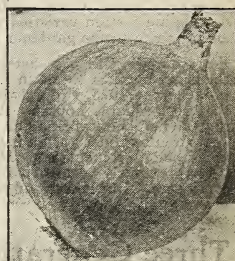

Cabbage, Jersey Wakefield

8 Lettuce Early Curled Simpson. Forms a compact rosette of very tender crinkled leaves. Attractive to serve and excellent to eat. The best loose leaf home garden variety. Pkt. 200 seeds 1c.

9 Lettuce Improved Hanson. One of the best heading varieties forming large yet compact bright green curly heads. The hearts are deliciously tender. Pkt. 200 seeds 1c.

10 Muskmelon Rockyford. Considered the best of the green fleshed melons and very widely grown. Flesh thick and very sweet. Our seed is from headquarters at Rocky Ford, Colorado. Pkt. 30 seeds 1c.

Onion, Danvers Globe

17 Spinach Victoria or Bloomsdale Spinach is one of the most healthful of vegetables. Every gardener should have some. Victoria is a splendid variety with thick crumpled, tender leaves. Pkt. 150 seeds 1c.

Grow Some Tomatoes

18 Tomato New Stone. Many tomatoes have been introduced but Stone is still a favorite. Fruit ripens in mid-summer, good sized, bright scarlet, smooth with tender juicy flesh. Fine for salads or cooking. Pkt. 75 seeds 1c.

19 Turnip Purple Top White Globe. Large, heavy, globe shaped with fine grained sweet flesh. Best for home and market. For first crop sow seed in early spring, for late crop start more seed in July. Pkt. 500 seeds 1c.

Everybody Likes Watermelon

20 Watermelon Halbert's Honey. A medium, large, dark green oblong melon that ripens early enough for northern gardens. You will surely like the crisp sparkling flesh, sweet as honey. Pkt. 25 seeds 1c.

2 Cents per Packet

Vegetable Seeds

2 Cents per Packet

The following are all splendid varieties desirable in every garden, but conditions do not permit us to include them in the one cent packet list. At 2c each they are extremely good values.

Celery, Giant Pascal

Popular Green and Wax Pod Beans

21 Bush Bean Stringless Green Pod. Early, very productive and absolutely stringless. One of the best known and most satisfactory varieties. Pods round, fleshy and slightly curved. Pkt. 25 seeds 2c.

22 Bush Bean Golden Wax Pod. Most popular of all yellow Wax Pod Beans. Very early and productive. Broad, flat, thick fleshy stringless pods. Pkt. 25 seeds 2c.

23 Carrot Oxheart or Guerande. A popular variety with short thick roots, well adapted for growing on hard or shallow soils, because they pull easily. Good table quality. Pkt. 500 seeds 2c.

24 Celery Giant Pascal. A standard Fall and Winter variety. Stalks short, thick and broad, rich buttery flavor. Many people think Pascal the best celery grown. Pkt. 200 seeds 2c.

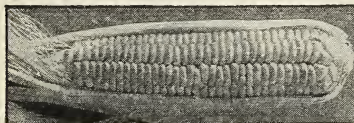

Bean, Golden Wax

Sweet and Pop Corn

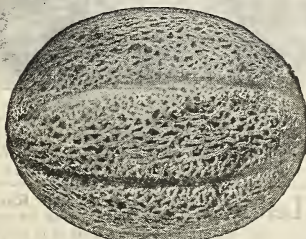

25 Sweet Corn Early Cory. The earliest real sweet corn in existence. Large, broad, tender grains. Ears 7 to 8 inches long. Usually two large ears on each stalk. Pkt. 30 seeds 2c.

26 Sweet Corn Golden Bantam. Medium early. The sweetest, most popular sweet corn in existence. Everybody knows it and most people ask for Golden Bantam when they want a real treat. Our seed of Bantam is northern grown, insuring an early good crop. Pkt. 30 seeds 2c.

Sweet Corn, Golden Bantam

27 Pop Corn Improved White Rice. The best known variety and the heaviest yielder. Every boy should plant a patch. The kernels pop out very large and white. Pkt. 50 seeds 2c.

Muskmelon, Early Osage

The Best Head Lettuce

28 Lettuce Big Boston. A fine big, crisp, cabbage heading lettuce. Sure, to please you. Largely grown for market, and just as satisfactory for the home garden. Pkt. 200 seeds 2c.

29 Lettuce Cos, Romaine or Celery. Entirely distinct. Forms large oblong heads, that blanch white and tender. Extra fine. Pkt. 200 seeds 2c.

Try the Osage Melon

30 Muskmelon Osage The Queen of Melons, medium large, nearly round, dark green, deeply ribbed. Flesh very thick, rich orange salmon, sweet and melting. Pkt. 40 seeds 2c.

An Excellent Onion

31 Onion Large Red Wethersfield. A popular variety for winter markets. An excellent keeper. Will quickly grow to marketable size from seed. The skin is deep purplish red, the flesh white sometimes tinged pink. Pkt. 200 seeds 2c.

Grow Some Peas

32 Pea Early Alaska or Earliest of All. The hardest variety for early planting. Peas smooth, bluish-green, of good quality. The vines grow 2-2½ ft. tall, and they bear better if given some support. Pkt. 40 seeds 2c.

33 Pea Early Marvel. Very desirable new early, dwarf wrinkled pea. Height, 12 to 15 inches. Very productive, and the peas are very sweet. Vines need no support. Pkt. 40 seeds 2c.

Tomato, Earliana

Pea, Little Marvel

Do you like Pumpkin Pies?

34 Pumpkin Small Sugar Pie. Universally known as the best for pies. By all means reserve a space for a few pumpkins. Pkt. 15 seeds 2c.

38 Squash Early Summer Crook-neck. The best known early bush squash, and a splendid cooking variety. Pkt. 15 seeds 2c.

Two Tasty Radishes

35 Radish White Tip Scarlet Gem, or Sparkler. Early and attractive. Round, bright scarlet, with distinct white tip. Pkt. 150 seeds 2c.

36 Radish Early Long Scarlet. Medium early, long smooth bright scarlet. Ready to eat soon after the round varieties. Pkt. 150 seeds 2c.

37 Rutabaga American Swede. Large, round, purple top and solid, sweet, golden-yellow flesh. Pkt. 500 seeds 2c.

Pumpkin, Sugar Pie

39 Tomato Spark's Earliana. An extra early tomato, by some said to be the earliest to ripen good fruit. Medium in size and of good quality. Often plants will give you many baskets of fruit. Our seed is extra select. Pkt. 75 seeds 2c.

40 Turnip Purple Top Strap Leaf. The roots develop a trifle quicker than the deeper globe varieties. For first crop sow seed in early Spring, then some more seed in July for late crop. Pkt. 500 seeds 2c.

5 Cents per Packet

Vegetable Seeds

5 Cents per Packet

Many of the following are comparatively new and high priced varieties that we are fortunate in being able to offer you at 5c per packet. They are certainly well worth your trial.

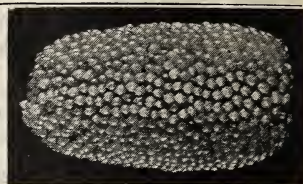

Cabbage

41 Lima Bean New Wonder Bush. A dwarf variety that yields large quantities of good big pods full of delicious beans. The best bush lima bean. One ounce pkg. 5c.

42 Pole Bean Kentucky Wonder or Homestead. The most useful and satisfactory of all green pod pole beans. Very productive, bearing fine large pods for a long season. One ounce pkg. 5c.

43 Cabbage Copenhagen Market. The earliest of the large, solid, round head varieties. Rapidly gaining in popularity. Only a few days later than Wakefield. Heads weigh 8 to 10 lbs. Pkt. 500 seeds 5c.

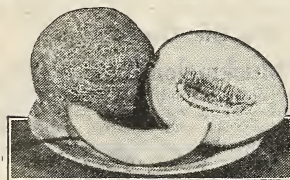

44 Cabbage Danish Ballhead. For quality no other late cabbage equals it. A sure header. Very solid, heavy and fine grained. Always brings the highest market price. One of the best keepers. Pkt. 500 seeds 5c.

Popcorn, Hullless

45 Cauliflower Snowball. We offer a very high grade strain of Snowball, the best Cauliflower grown, in packets of sufficient size for the home garden. No better stock can be purchased. Pkt. 150 seeds 5c.

46 Carrot Red Giant. A new French variety that is making thousands of friends because of the great size and yet tender fine grained quality of the roots. A prize winner with orange-red flesh. Pkt. 500 seeds 5c.

Muskmelon, Golden Hearts

A Delicious Melon

51 Muskmelon Golden Hearts. A melon to make your mouth water. Of medium size, slightly ribbed, very heavy because of thick flesh, and small seed cavity. Rich golden-salmon flesh of delicious quality. Often there will be as many as twelve melons to the vine. Try a packet this season. Pkt. 50 seeds 5c.

52 Onion Prizetaker. One of the largest onions grown. The skin is straw colored and flesh white, crisp and tender. A very handsome variety. Pkt. 500 seeds 5c.

53 Pepper Ruby or Royal King. Most popular large, smooth, red variety for mangoes. Of mild flavor. Excellent for stuffing or for salads. Cultural directions on packet. Pkt. 200 seeds 5c.

Pepper, Royal King

57 Radish Winter varieties. A mixture of Round and Long Black Spanish, Rose Winter, and White Celestial, all splendid winter varieties. Pkt. 250 seeds 5c.

58 Squash Improved Hubbard. The standard winter squash. It keeps well and flesh is very thick and nutritious. You will like it for baked Squash and Squash pies are tempting. Flesh is rich orange color. Pkt. 20 to 25 seeds 5c.

59 Tomato Ponderosa. Sometimes called "beef steak" tomato because of the very thick luscious flesh and freedom from seeds. The largest and heaviest tomato grown and one of the best to eat. Packet 300 seeds 5c.

60 Watermelon Irish Gray. Wouldn't you like to be in Master Robert Crockett's place enjoying a slice of delicious Irish Gray Watermelon? It is a distinct new variety. Skin solid gray in color, flesh bright red of finest quality. Packet 35 seeds 5c.

Watermelon, Irish Gray

47 Popcorn Japanese Hull-less or Thumb. Here is "the best to eat" pop corn, it pops out so tender and melting. Of dwarf sturdy growth yet a heavy yielder of ears. Ounce package 5c.

48 Sweet Corn Golden Giant. This will give you more edible corn than any other yellow variety. Larger than Golden Bantam yet only a few days later and very sweet. Quite new but already selling in large quantities. Ounce package 5c.

49 Cucumber Long Green. Uniformly long and smooth, deep green in color. A universal favorite for home use. Fruit 12 to 15 inches long, flesh solid and crisp with few seeds. Pkt. 75 seeds 5c.

50 Lettuce Extra Early Grand Rapids. This is the variety so extensively grown in greenhouses for supplying the winter and early spring market, but it is not generally known that it is an extra good early garden variety. The most attractive leaf lettuce for garnishing, etc., because of the bright green extremely curled leaves. Pkt. 1000 seeds 5c.

54 Egg Plant New York Spineless. Fruit large, smooth, glossy, rich purple, and of excellent quality. Cultural instructions on each packet. Have you ever tried Egg Plant fried in egg and cracker crumbs? It's fine. Pkt. 200 seeds 5c.

55 Endive Highly prized by many for Fall and early Winter use. Sow first crop in very early Spring, then again in July. Blanch heads by tying up the outer leaves. Pkt. 1000 seeds 5c.

56 Kohl Rabi Early White Vienna. "Turnip-Rooted Cabbage." Forms a large edible bulb above the ground. Sow seed early like cabbage over the open ground. Bulbs develop quickly and are delicious cooked like turnips. Gather before they are hard. Pkt. 500 seeds 5c.

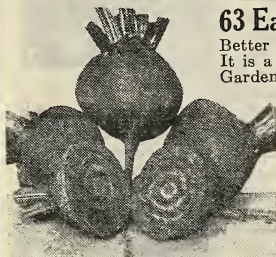

Tomato, Ponderosa

New and Special Vegetable Seeds

We earnestly recommend that you plant some of the following very fine varieties. New things add pleasure and profit to your garden.

61 Sure Crop Wax Beans Ideal for the gardener in every way, earliness, yield, appearance and quality. The big tender pods fill a basket in no time, and when served you will find them delicious and tender. The pods are oval, $5\frac{1}{2}$ to $6\frac{1}{2}$ inches long and slightly curved. $\frac{1}{4}$ lb. pkg. 18c.

62 Yard Long Pole Bean An interesting novelty, 18 inches to 2 ft. long, slim, round pods. A curiosity that always attracts attention and the table quality is good also. Try them. Pkt. 10c.

Early Wonder, A Fine Beet

65 Mayflower Sweet Corn Wouldn't you like to have Sweet Corn to eat before any of your neighbors? You can if you plant Mayflower, the earliest of all true Sweet Corns. The ears are surprisingly large for an extra early, averaging about 7 inches long with ten rows of tender, sweet kernels. $\frac{1}{4}$ lb. pkg. 18c.

66 Tomato Salad Pepper This new pepper is so mild and so thick meated as to be almost like a tomato to eat raw or to slice for salads. And it looks like a tomato being round, smooth and bright scarlet red. Pkt. 15c.

69 Peter Pan Pea The largest podded early dwarf-pea outdoing other dwarfs in total yield, size of pod and quality. Vines sturdy, 15 inches tall carrying numerous handsome dark green broad pods. Be sure to plant Peter Pan. $\frac{1}{4}$ lb. 18c.

70 Saxa Radish The earliest variety. Ready for the table in an almost impossibly short time, sometimes in 20 days from seed. The roots are bright scarlet round as a marble, smooth with very little tap root and a small top. Fresh, crisp and juicy. Pkt. 10c.

71 King of Denmark Spinach Will give you big cuttings of delicious, tender leaves for two weeks after other varieties have gone to seed. Leaves broad, heavy, crumpled and dark green. Pkt. 10c.

Burbank Tomato

72 Table Queen Squash We doubt if you have ever tasted as good a Squash. The fruit is medium small, acorn shaped with hard green shell. Ripens in fall, keeps like Hubbard. Splendid for pies or baking. Pkt. 10c.

73 Burbank Tomato The earliest tomato grown. To beat your neighbors with ripe tomatoes plant some Burbanks this year. Everything that can be desired in a home garden tomato, attractive bright fruits, medium size and smooth. Pkt. 10c.

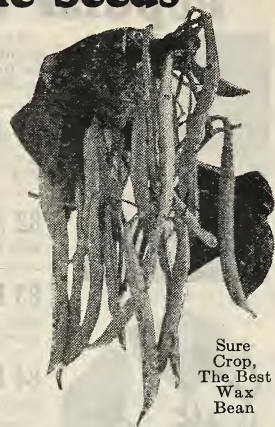

74 Temley Everbearer Tomato The name was suggested by a customer who found that the plants bore practically all summer—giving an early, a medium and a late crop. The fruit is bright scarlet, smooth medium size and of dandy quality. Can you imagine a nicer home garden variety? Pkt. 15c.

Sow The Best Lawn Seed

190 Quick Growth Mixture Makes a good lawn quickly. Lb. 40c. 5 lbs. \$1.90.

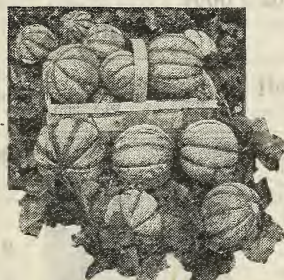

191 Shady Nook Best for shade. Pkt. 15c; lb. 60c; 5 lbs. \$2.75.

192 Pure White Clover $\frac{1}{4}$ lb. 20c; lb. 75c.

Sure Crop, The Best Wax Bean

64 Early Fortune Cucumber Medium length, handsome dark green, well shaped with thick white flesh and small seed cavity. A great improvement over White Spine, retaining its dark green color so long after picking. Pkt. 10c.

Muskmelon, Champlain Earliest, Best, Most Prolific

67 Lake Champlain Melon

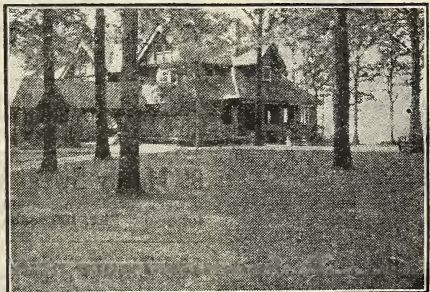

Without question the earliest yellow fleshed melon in the market today. Records have been made of its being ready to eat 57 days after the seed was planted. Its vigorous growth, productivity, hardness and good quality have been proved. The flesh is golden yellow, deep and so temptingly sweet. In shape nearly round—medium size and heavily netted. Pkt. 15c.

68 Early Spanish Peanuts

Wouldn't you like to try your luck growing Peanuts? This variety can be grown in the North if planted on sandy soil. Nuts are medium size and sweet. Pkt. 10c.

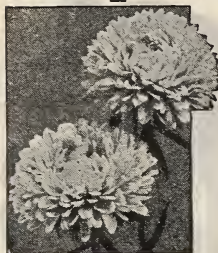

Peter Pan Peas

Our Seed Produces Fine Lawns

Popular Penny-Packet Flower Seeds

Asters

California Poppies

In the following list of flower seeds we have selected popular easy to grow varieties that will give general satisfaction. The quality of the seed is unquestioned. Penny packet flower seeds will give you an excellent garden.

81 Asters Mixed. Finest double varieties, all types and colors. We sold more than 200,000 packets of Aster seed last year, and we received very many letters of praise. Pkt. 75 seeds 1c.

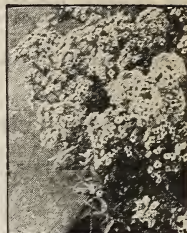

82 Alyssum Pure White, fragrant flowers, largely used for bordering beds. Blooms all Summer. Plants only 6 inches tall, spread out a foot in width. Pkt. 500 seeds 1c.

83 Baby's Breath or *Gypsophila*. Easy growing annuals. In bloom about 6 weeks after planting seed. Delicate sprays of small, pure white flowers. Make several plantings. Pkt. 250 seeds 1c.

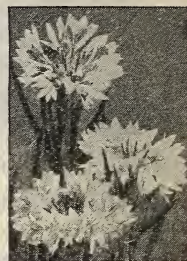

84 Bachelor's Button Very popular old fashioned annuals. A mixture of all colors, single and double Pkt. 75 seeds 1c.

85 California Poppy Large single, clear yellow showy flowers, shaped like flattened tulips. Foliage fern-like. Don't fail to include this in your order. 250 seeds 1c.

86 Candytuft One of our most useful flowers for borders. Plants grow 8 to 10 inches high, well covered with blooms. Many colors mixed. Pkt. 200 seeds 1c.

Alyssum

Bachelor's Button

87 Cosmos Early Giant Flowering. Very satisfactory. Autumn flowering annuals, growing 4 to 5 ft. high, so fine for tall borders and backgrounds. Nice for cutting also. White, pink and red mixed. Pkt. 75 seeds 1c.

88 Ice Plant Leaves and stalks covered with crystals. Fine for hanging baskets. 250 seeds 1c.

89 Joseph's Coat *Amaranthus*. Pretty ornamental foliage, like Coleus, colored bronze green, crimson and yellow. Pkt. 150 seeds 1c.

Early Single Cosmos

90 Larkspur Popular old-fashioned annuals. Very easy culture. Excellent for cut flowers. Shades of pink, rose, blue and white. 200 seeds 1c.

91 Love-in-a-Mist *Nigella*. Pretty annuals. Fern-like foliage and sky-blue flowers. Easily grown. 200 seeds 1c.

92 Love - Lies - Bleeding *Amaranthus*. The tall plants carry long drooping flower panicles, blood red in color. Very easy to grow. Pkt. 200 seeds 1c.

Mourning Bride

93 Mexican Fire Bush or *Kochia*. Beautiful decorative plants for hedges or as single specimen plants. Like small evergreen trees. Foliage bright green, changing to red in autumn. Pkt. 200 seeds 1c.

94 Morning Glory Vine Most popular rapid climber. Many colors mixed. Pkt. 50 seeds 1c.

95 Mourning Bride *Scabiosa* or "Pin Cushion." Sweet Scabious of the old-time gardens. A grand cut flower. Pkt. 75 seeds 1c.

96 Petunia The most popular large flowering annuals for bedding. Bloom continually all summer. Choice mixed colors. 500 seeds 1c.

97 Poppies Single and double. Bright, dazzling, satiny-like flowers in many types and colors. Pkt. 300 seeds 1c.

98 Rose Moss *Portulaca* or *Sun Plant*. Very showy dwarf-growing annuals for carpet bedding. All colors mixed. Seed very fine, barely cover. Pkt. 500 seeds 1c.

99 Hardy Sweet William Splendid for hardy borders or for mass bedding. Lives in very early spring or summer for following seasons bloom. Pkt. 100 seeds 1c.

100 Zinnia "Youth and Old Age." Easy-growing annuals, forming upright plants. A choice mixture of double varieties, including many brilliant colors. Pkt. 50 seeds 1c.

Annual Larkspur

Zinnias

Fire Bush

Popular Flower Seeds

2 Cents per Packet

101 Aster American Branching Mixed. One of the best for cutting. Plants tall branching, bearing fine large flowers on long stems. All shades—light lavender to deep purple, shell pink to deep red and pure white. Pkt. 75 seeds 2c.

102 Balsam Lady Slipper. Beautiful flowers like double roses are borne close along the stem. See illustration. Colors are rose shades and white. An old favorite. Pkt. 75 seeds 2c.

103 Calendula or Scotch Marigold. Large double flowers in shades of yellow and orange. Beautiful for cutting. Easy culture. Pkt. 75 seeds 2c.

104 Calliopsis Very showy single yellow and brown flowers on long, wiry stems. Bloom for a long time. Easy culture. 300 seeds 2c.

105 Carnation Double Marguerite. These lovely Carnations produce fine, double, fragrant flowers the first year from seed. If carefully lifted and potted in September they will bloom well into the winter. Pkt. 50 seeds 2c.

Double Balsam

106 China and Japan Pinks Many distinct types and colors, both double and single. Plant these and you will be delighted with the result. Very free flowering, giving you dozens of bouquets. Pkt. 250 seeds 2c.

Makes A Pretty Hedge

108 Four O'clock or Marvel of Peru. Very useful for hedges or bordering your gardens. Bushy plants 2 feet high. Pkt. 30 seeds 2c.

109 Marigold African and French Mixed. Old fashioned garden favorites of easy culture. The Africans are big yellow and orange balls, the French semi-double yellow with brown markings. 100 seeds 2c.

110 Mignonette An old-time favorite. Delightfully fragrant flowers. Indispensable in all cut-flower work. Pkt. 300 seeds 2c.

107 Everlasting Straw Flowers. For winter bouquets. Very desirable for winter decorations when other flowers are scarce. Easily grown. Several best varieties mixed. Pkt. 200 seeds 2c.

African Marigolds
Fine for Cutting**Packets this page are 2cts**

111 Dwarf Nasturtium Most satisfactory annuals. Bloom continually all summer. Fine for borders. Mixed colors. Pkt. 25 to 30 seeds 2c.

112 Tall Nasturtiums Most useful lattice, fences, etc. Mixed colors. 25 to 30 seeds 2c.

113 Phlox Grandiflora. Brilliant dwarf growing annuals, completely covered with flowers. Pkt. 100 seeds 2c.

Pinks

Snapdragons

114 Pansies These are the popular saucy-faced, beauties that everybody loves, comprising the finest varieties in all colors. Just what you want for a pretty bed. You will be delighted with this mixture. Pkt. 150 seeds 2c.

115 Snapdragon or Antirrhinum. Very popular and useful garden annuals, blooming continually all summer. Extra quality mixed. Pkt. 300 seeds 2c.

116 Sweet Peas Grandiflora. Large flowering. Everybody should plant them. Order your Sweet Peas early and plant as soon as the frost is out of the ground for best results. Extra fine Mixture. 50 seeds 2c.

Two Fine Hardy Perennials

117 Coreopsis Large golden-yellow single-fringed flowers in great profusion, during most of the summer. Once established they make a brilliant display each year. Pkt. 100 seeds 2c.

118 Foxglove or Digitalis. Old hardy garden favorites. Tall, stately spikes, in good soil growing 5 to 6 ft. high. Pkt. 300 seeds 2c.

Two Fine Climbing Vines

119 Balloon Vine Love-in-a-puff. Has pretty light green foliage, and seed pods like miniature balloons are formed late in summer. Grows 8 to 10 ft. tall. Pkt. 25 seeds 2c.

120 Cypress Vine Delicate fern-like foliage and pretty star-like flowers, of pink, red and white. Very desirable for small trellises, growing 6 to 8 ft. high. Pkt. 25 seeds 2c.

Astermum

that always attract attention. Cut when partially open and hang in a dark closet to dry, if wanted for winter decoration. Easy culture. Pkt. 200 seeds 5c.

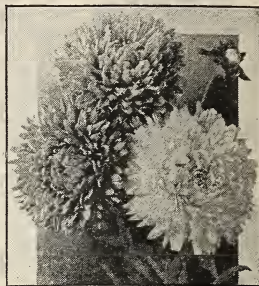

121 Aster *Astermums Mixed.* Large double flowers with irregularly twisted curled petals like Chysanthemums. Pkt. 100 seeds 5c.

122 Aster *Queen of the Market Mixed.* The earliest of the double Asters flowering about two weeks ahead of others. Well formed flowers of medium size and good stems. Pkt. 100 seeds 5c.

123 Aster *Pure White.* A splendid selection. Comprising several fine pure white long stemmed varieties. Suitable for bouquets, vases and other cut-flower work. Pkt. 100 seeds 5c.

124 Celosia *"Ostrich Plume."* Plant of pyramidal form with brilliant large upright plumes. Very beautiful. Pkt. 200 seeds 5c.

125 Cockscomb *Celosia Cristata.* Very large, velvety flower heads or combs of crimson, pink and yellow, when partially open and hang in a dark closet to dry. Easy culture. Pkt. 200 seeds 5c.

Queen of the Market Aster

126 Painted Daisy *Annual Chrysanthemum.* Showy annuals. Easy culture. The petals painted in two or more colors. Pkt. 200 seeds 5c.

127 Dahlias *Single, semi-double and cactus mixed.* Easily grown from seed. Will bloom the first year if started early. You will get many interesting and beautiful blooms. Pkt. 50 seeds 5c.

128 Pansy *Giant Trimardeau.* The Popular medium priced large flowering type. Of vigorous growth, free flowering. A splendid mixture of many beautiful varieties. Pkt. 200 seeds 5c.

Semi-double Dahlia

129 Stocks *"Ten Weeks."* Beautiful spikes of double flowers from July to October. Several types and colors mixed. Pkt. 200 seeds 5c.

130 Sunflower *Mixed double and single varieties including the new Red Flowering and Miniature types.* A very desirable and interesting assortment. Pkt. 5c.

Stocks

Painted Daisy

131 Verbenas *Mammoth Flowering Mixed.* Very free-flowering annuals of low spreading growth, forming a carpet of bright colors when in bloom. Begin to bloom in July, and continue until killed by frost. Pkt. 150 seeds 5c.

132 Giant Zinnia *The popular Zinnia or "Youth and Old Age"* has been greatly improved in recent years. The Giant types are marvels in size, form and color, and though not as large as the Dahlia Flowered type they make wonderful garden display or cut flower bouquets. Pkt. 100 seeds 5c.

Three Popular Climbing Vines

133 Hyacinth Bean *Rapid-climbing vine, with showy spikes of flowers, not unlike small hyacinths. Mixed colors. Foliage makes good shade.* Pkt. 25 seeds 5c.

134 Japanese Morning Glory *Ipomea.* Rapid climber. Very large, showy single flowers in most beautiful colors. Effective as a screen. Pkt. 50 seeds 5c.

135 Ornamental Gourds *A very interesting mixture of small varieties for children's playthings. By all means plant a packet of these for the children.* Pkt. 5c.

Perennials for Your Hardy Garden

136 Canterbury Bell *or Campanula.* Well-known garden favorites. Large bell-shaped flowers in shades of blue, pink and white. Plants 2 feet tall. Pkt. 300 seeds 5c.

137 Forget-Me-Not *Myosotis.* Delicate blue. Very popular flower for early spring bloom and very fragrant. Culture same as for Pansies. 300 seeds 5c.

138 Hollyhocks *Large flowering single.* We also include some doubles and semi-doubles in this mixture. A fine strain in many colors. Pkt. 60 seeds 5c.

139 Sweet May Pinks *Clove or Scotch Pinks.* Every garden should contain a few clumps of these old favorites which live so long, each season increasing in beauty. Have a spicy fragrance. 200 seeds 5c.

140 Perennial Mixture *A mixture of many kinds of perennials that grow well in the ordinary garden. This surely is a bargain packet.* Large pkt. 5c.

Read This Use Pen and Ink. Sign your name and address plainly. Enter quantities wanted and total prices in blanks for each variety. Carefully add values of all goods ordered on each page and enter all in opposite blanks. Send order for bulbs, roots, etc., with your seed order. Seeds will be sent at once, but bulbs will be held until weather will be safe for shipping.

Bulbs and Shrubs are different from seeds. Seeds are not injured by ordinary cold weather, so we send your seeds to you just as soon as your order arrives. But Bulbs and Shrubs are tender when exposed to severe weather, so we hold your bulb and shrub order here until as near planting time as possible.

Dormant Not Dead Every item on pages 3 and 4 will be dormant when you receive them. They lose their leaves and "sleep" over winter like the Maple and Elm trees do.

Give Them Time Remember, after planting, you must give everything time to get started to grow. If it should be a warm or "early" spring, things will show signs of life much sooner than if we have a wet or "late" spring. So please be patient with your garden when it is making its start.

New and Special Flower Seeds

For this page we have selected a few of the most desirable new and higher priced varieties, believing that many will be glad of the opportunity to try them.

141 Aster, Heart of France Why is this beauty considered the finest deep red Aster? Because the coloring is so rich. Deep, ruby red, glowing and alive, handsome in natural or artificial light. It will be your favorite also. Pkt. 10c.

142 Aster, American Beauty Very beautiful. The true American Beauty rose color. Large perfectly double flowers. Plants large with long stems. Pkt. 10c.

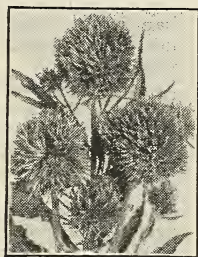

Double Crested Cosmos

143 Extra Quality Mixed Asters A splendid mixture of all types and colors of Asters, early, medium and late. It will give you a beautiful Aster Collection at the price of one packet. A delightful surprise is in store for you if you try them. Pkt. 10c.

144 Double Crested Cosmos This new type of Cosmos is unique and exceedingly pretty. The flowers are of large size with double centers and an outer row of broad petals. 60 to 70% should be double. For early bloom start seed inside. Pkt. 15c.

145 Chinese Woolflower Grows 2 to 3 feet high, each branch bearing a large ball of brilliant color, red, pink or yellow, with the texture of silken wool. These blooms can be cut and dried for winter decoration. Sure to please you. Pkt. 10c.

Chinese Woolflower

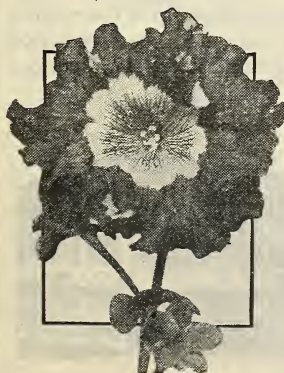

146 Lavender Daisy (Arctotis.) One of the loveliest of daisies, the flower white, softly overlaid with pale lavender. The central disk is bright steel blue. Blooms from midsummer to late fall. Plants 2 ft. high and flowers $2\frac{1}{4}$ to $2\frac{1}{2}$ inches across. Pkt. 10c.

Two Fine Petunias

149 Rosy Morn Compact bushy plants, flowers medium size. Produces in the greatest abundance throughout the entire summer. Color a most pleasing clear pink with large pure white throat. Rosy Morn is the most popular petunia for bedding because of its bright cheery color. Pkt. 10c.

150 Giants of California When you see these flowers you will be amazed at their remarkable size and beautiful frilled petals. Flowers often 4 to 5 inches across. The colors are remarkable, of almost every conceivable shade. Pkt. 15c.

151 Giant Exhibition Pansies When you see a bed of these wonderful pansies in bloom we dare say you will think each individual flower prettier than its neighbor. The variation in coloring is remarkable, and you will find all the rich shades imaginable. We fully believe this strain equal to any pansies grown in the world. They are true giants in size. Comprised of the best German, French, Danish and American strains. Pkt. 15c.

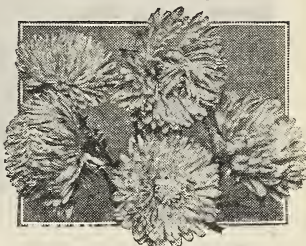

Petunia, Giants of California

152 New Snapdragon Giant Antirrhinum Maximum. The old types are indeed pretty but this new race is really magnificent in size of stalks, flower spikes and color shades. The mixture will contain pure whites, canary, yellow, orange, rose pinks, copper red, crimson, burnt orange, pastels and the rich autumn shades. Every color will please you and every packet of seed you buy will be long remembered. Pkt. 15c.

153 Butterfly Spencer Sweet Peas A mixture of choice named varieties of Giant, Ruffled, Orchid-flowering type. The Spencer type is now the most popular, because of the wonderfully large flowers, and beautifully frilled or ruffled petals. Directions for growing sweet peas are printed on every packet. Plant them early while soil is still cool. Pkt. 10c.

154 Dahlia Flowered Zinnias This new race of Zinnias puts that good old fashioned flower on an entirely new plane. Many new colors have been obtained and the size and form of the flowers wonderfully improved. Even under ordinary conditions you will have flowers $3\frac{1}{2}$ to 5 inches across—almost as big as Dahlias. Mixed colors. Pkt. 15c.

American Beauty

Two Splendid Perennials

147 Shasta Daisy Burbanks. Large, single pure white, daisy-like flowers, 3 in. across. Perfectly hardy everywhere. Plants 18 to 24 inches tall, blooming freely all summer. Easily grown, as you would other perennials. If started very early inside they sometimes bloom the first summer. Pkt. 10c.

148 Delphinium, Gold Medal Hybrids

This strain embraces the finest collection of Hybrid Delphiniums the world affords. The shades range from pale lavender to deep indigo blue, a glorious mixture. To be grown like other perennials. Pkt. 20c.

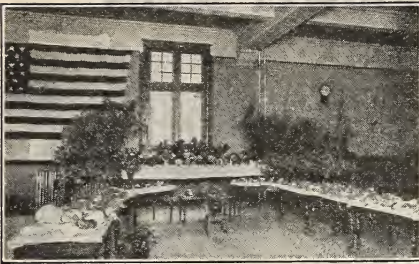

Grow Exhibition Pansies Like These

Plant

for 1927

Giant
Snapdragons

Even in a one-room school, a Fall Festival should be held at harvest time. All can then see what nice things you raised.

On the busiest corner in Cleveland. These pupils won first prizes at their own schools, then competed for grand prize here.

Gardens for Boys and Girls

A Talk with Pupils

Even though you may not have a real school garden, we are certain that you will find room for a garden all your own, either at home or on some neighboring piece of land.

How to Make a Start

Take this catalog home with you. Your parents will help you to select the seeds, bulbs or shrubs you will wish to plant. Keep the catalog at home and take the order blank and money to pay for the goods you need to your teacher. Teacher will then send all the orders from your room to us in one lot. When we fill your order, we send back the order blank so you can check up.

We Tell You How

Don't hesitate about having a garden for fear that you will not know how. Every packet of seeds has planting directions. The big envelope in which your order is filled will tell you all about preparing the soil, cultivating, where to plant certain things and will give you lots of other information besides. Try it this year.

Information for Parents

You remember how happy you were over anything that you made or produced when you were a child. Give your boy or girl a chance to feel that same happiness. A garden will keep a child occupied at healthful, pleasant, profitable work outside of school.

A Million Boys and Girls

Last year over a million boys and girls in more than one hundred thousand school buildings sent us their orders. This is the twenty-second year we have been sending penny-pocket seeds into every state in the Union. Last year alone, nearly fifteen million packets of seeds were sold. This is surely evidence that we have been selling only high class goods or we never could have built up so large a business.

How to Send Your Order

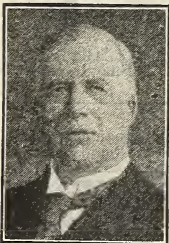

If, by chance your teacher has sent us the orders from her room, you may send your order direct to us if it amounts to one dollar or more. Orders for less than one dollar must come through the schools. You can appreciate why this is necessary.

Did You Notice the New Order Blank?

We have bound it in the middle of the catalog so that it will not be lost before the pupil reaches home.

When you get ready to write up your order, open the catalog at the order blank. Take the Order Blank pages firmly in the right hand, letting the catalog fall open below it. Still holding the Order Blank firmly, grasp the catalog below and by giving a quick, straight pull, the Order Blank will come out without tearing.

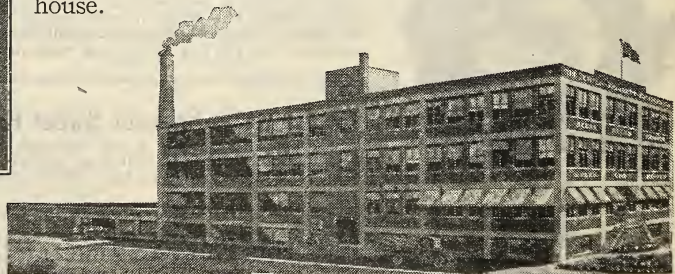

Parents We guarantee you satisfaction or the return of the money you paid us for any seeds not satisfactory. All prices include delivery to your school house.

R. L. Templin,
President

G. F. Bradley,
Secretary

THE HOME OF PENNY PACKET SEEDS

We wish every educator and boy and girl in America could visit us in our busy season.

THIS IS OUR TWENTY-SECOND YEAR IN YOUR INTEREST

TEMLEY'S Watch-em-Grow PLANT FOOD

Makes Sick Plants Well and Well Plants Better

Are your house plants as nice as you would like them to be, with the flowers as bright and the foliage as rich? Have you ever wondered why some people have more beautiful plants than others and why some folks seem able to make any kind of a plant do well?

Do you know that even a small trial package of Watch-em-Grow Plant Food will work wonders with a sickly plant? Try it and you will be amazed at the results you will see in a very short time.

You Can Do It Too A florist simply must make a plant look nice or else he cannot sell it. So in his greenhouse, he experiments with plant foods until he finds just the right combination to make plants thrive. Mr. Templin spent nearly fifty years in his own greenhouses and made a careful study of plant foods. About four years ago he began to work with probably the most noted chemist in America, to combine these elements into a well balanced plant food which we could supply to our regular customers. Watch-em-Grow plant food will help you to do well with plants.

A Little Goes a Long Way All Commercial Fertilizers must contain among other things, these three basic chemicals in some form or another, Ammonia, Phosphoric Acid and Potash. But the secret of good fertilizer is the proportion of each. In the form it is offered to you in Watch-em-Grow, this plant food not only has just the right proportions but it is highly concentrated, so that a little goes a long way.

Guaranteed Analysis

Ammonia, soluble in water.....	19%
Available Phosphoric Acid.....	10%
Potash, soluble in water.....	14%
Total, in perfect balance.....	43%

Where Shall I Use It? All plants, from a tiny blade of grass to a large tree, will be benefited by drinking of this food.

"Before and After"

But indoor plants always have a greater struggle to succeed than do outdoor plants and as we have nothing but indoor plants for several months each year, perhaps the greatest use you will find for Watch-em-Grow Plant Food is on the house plants and cut flowers indoors. But don't overlook the use of it on your roses, bulbs and shrubs.

How Do I Use It? Being a clean, odorless powder which will dissolve quickly in water, it can be easily applied to plants just as you ordinarily water plants. You will find complete instructions on each package, but the following suggestions will show its value.

For Potted House Plants Dissolve teaspoonful in a cup of hot water, pour this into a gallon of cool water and you are ready to feed your plants. For a plant in a six inch pot, a pint every few days until you see a decided improvement, then use every month or so.

Cut Flowers Drop a pinch of Watch-em-Grow powder in the water. It will make the bouquet last longer and will be worth the price of the food.

In Potting When you change the soil of pot plants, mix a teaspoonful of Watch-em-Grow with a gallon of soil before you set the plants.

For Your Lawn Watch-em-Grow is too expensive to use as a general lawn fertilizer but if you have spots in your lawn where it is hard to keep the grass green, sprinkle with the solution and you will be surprised at the results you will soon see.

For Your Garden Both flowers and vegetables will be greatly benefited if Watch-em-Grow in the same solution as recommended for house plants is sprinkled over the seeds before they are covered. Then, during the growing season, if you have any backward plants, treat them just like we suggested for house plants. You will notice the difference in a few days.

The 50-cent Can

A Large Trial Package for Only 10 Cents

Send us 10 cents for a large trial package of Watch-em-Grow Plant Food, with directions for using. After using the contents, you can send us the empty package and only forty cents and receive one regular fifty-cent can of Watch-em-Grow Plant Food. This makes the trial package cost you nothing in the end.

1000 Large Trial Package only 10 cents

1001 Big Eight-Ounce Can 50 Cents

Many schools have ferns and other house plants to brighten the various rooms. These plants need food just as much as they need water.

A can of "Watch-em-Grow" Plant Food should be kept on hand at all times so that plants can be kept in prime condition.

No doubt many of the parents would be delighted to present plants for the class rooms if they knew each room had a supply of plant food.

The directions on each can make it easy to succeed.

A MILLION GLADIOLUS BULBS

You Should Grow Gladioli This Year. These Prices Within the Reach of Everybody

Gladioli are the most useful of all summer flowering bulbs, and are becoming more and more popular each year as new varieties are being introduced. They are so easily grown, and at our prices so inexpensive, that every home garden should contain an assortment. Gladioli are one of our specialties. We now have in stock a million or more blooming size bulbs, all clean, healthy stock, ready to fill orders.

Mrs. Frank Pendleton

Three Prize Winners

3442 Evelyn Kirtland

Beautiful rosy-pink fading to shell pink at center. Scarlet blotches on lower petals. Each 8c, doz. 65c.

3433 Mrs. Frank Pendleton

Peach-blossom pink, heavily blotched blood red. Highest award of Am. Gladioli Society. Each 8c, doz. 50c.

3461 Schwaben

The Best yellow to date. Immense canary yellow flowers. Lower petals marked purple. Each 7c, doz. 50c.

3501 Three Prize Winners

One bulb each of the above three beautiful varieties. Not separately labeled. For only 15c.

Save Money On Gladioli

Even though our prices have always been very reasonable on gladiolus bulbs, we are constantly trying to reduce the prices in order that more people may plant more of these bulbs and we have worked out a plan which will permit you to plant more gladiolus bulbs for less money.

It may not seem to the purchaser of a few bulbs that the item of labeling each individual bulb is a very big one and it is not a big item on a small order, but the orders we receive each spring call for about a million bulbs, so you see that the cost of labeling and wrapping a million bulbs is a very big item.

The plan we have worked out is based on the well known fact that nearly every boy and girl orders at least three bulbs in each class. Where we can wrap and label a collection of three bulbs in one operation, we can save the labeling and wrapping on two of the bulbs, so we are offering five trios on this page and still leave the opportunity for you to purchase these bulbs singly if you wish. But, if you will buy in trios, you will save considerable money and this is right in line with our desire to keep prices down to the very lowest point, so all our boy and girl friends can enjoy these beautiful flowers.

The Novelty Trio All New Varieties

3434 Albion

New hybrid primulinus. Very early. Medium size. Color delicate salmon. Quite distinct. Each 6c, doz. 45c.

3472 Miss Helen Franklin

Pure white ruffled flower, with violet stripes on lower petals. Very desirable. Each 7c, doz. 50c.

3446 Le Marechal Foch

One of the most talked about new introductions. Mammoth flowers, on tall spikes. Color delicate soft pink. Each 8c, doz. 55c.

3502 Novelty Trio

One bulb each of the three new varieties. Not separately labeled. Only 15c.

Popular Trio

3435 America

Unquestionably the most popular Gladiolus in existence. Immense spikes. Color peach-blossom pink. Each 5c, doz. 35c.

3437 Panama

A grand variety. Flowers and spike very large. Color lively pink. Sure to please you. Each 6c, doz. 45c.

3402 Princepine

A beautiful, distinct variety, color dazzling scarlet with large snow-white blotches on lower petals. Each 6c, doz. 45c.

3503 Popular Trio

One bulb each of the above three popular varieties. Only 12c.

Red, White and Blue Trio

3492 Independence

Large bright orange-scarlet with lighter markings on lower petals. Each 6c, doz. 45c.

3471 Crystal White

Fine tall spike. Clear crystal white. Lilac penciling on lower petals. Each 7c, doz. 50c.

3481 Baron Hulot

Very dark violet blue. Flowers medium size, on tall spikes. Entirely distinct in color. Each 8c, doz. 75c.

3505 Red, White and Blue

The three varieties not separately labeled. Only 15c.

Extra Early Trio

3436 Halley

An extra early bloomer, with large open flowers. Color delicate salmon pink. One of the best. Each 5c, doz. 40c.

3439 Queen Esther

White ground heavily streaked, flaked, and splashed, with bright rose purple. Distinct in color. Very early. Each 7c, doz. 50c.

3440 Wilbrink

Flowers large, extra early, color a distinct shade of creamy pink. One of the earliest. Each 6c, doz. 45c.

3504 Extra Early Trio

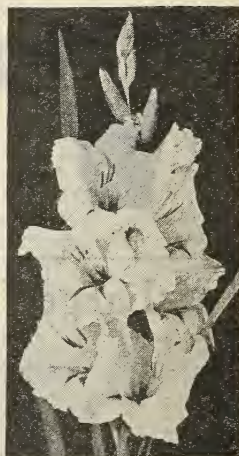

The three varieties. One bulb of each. Not separately labeled. Only 15c.

Superfine Mixed Gladioli

To those who want a choice assortment of Gladioli, at a nominal expense, and do not care for the named varieties, we recommend our Superfine Mixture, which we sell by the hundred thousands. This mixture is made up from the above and many other varieties which we grow under name. A combination mixture that we do not hesitate to recommend. More than half of the Gladioli we sold last year were of this Superfine Mixture.

3540 Superfine Mixed Gladioli

Healthy young blooming bulbs. Size about 1 to 1 1/4 inch and up in diameter. By many considered the best size to produce nice spikes for market. Price postpaid, doz. 30c, 50 for 90c, 100 for \$1.75.

Schwaben, The best yellow

Quality Dahlia Roots

All through the late summer and fall, until frost kills the foliage, dahlias bloom heavily. You can cut flowers nearly every day if you have but a few plants growing in the yard. All the big city florists buy these flowers and if you have many of them, you can earn extra money by selling the flowers to the florists.

Dahlias have been popular for years and years but recently, many new varieties of the most unusual shapes and coloring have been introduced by experts.

Our own stock of dahlias is a delight to every visitor at our nursery. By careful selection of the different classes, Decorative, Peony, Cactus, Pompon, Show and others, and by growing very large quantities, we are able to offer them to you in these collections at much less than the regular price, if you bought them separately. They increase each year and these dahlias, if bought singly would cost you from twenty to fifty cents each. You get the advantage of these lower prices and the increased value when you buy from this list.

3330 Combination A. Contains one root each of cactus, decorative, show and pompon types, not labeled. 4 postpaid for only 50c.

3331 Combination B. Contains two distinct colors of each of six types, cactus, peony, decorative, show, pompon and collarette. Not labeled. 12 postpaid for only \$1.40.

An Unusual Value

3332 Combination C. A general mixture of several colors and many types of dahlias. We sold over 11,000 of these last spring and our customers voluntarily send us letters of commendation for the splendid assortment at this moderate price, within the reach of all. 12 roots, postpaid for only \$1.00.

Large Flowering Cannas

For beds on the lawn, where a tropical effect is desired, we know of no plant so satisfactory. They keep the yard and lawn ablaze with color. There are a hundred or more varieties in cultivation. We have selected just a few of the best and most distinct types and colors. We handle them only in dormant roots, which may be easily started in a box in a warm room, or in a hot bed. All have green foliage except number 2061 which is bronze.

Most Popular Cannas

Following 6 Cannas are generally considered the best

3072 The President "Fiery Cross" The most sensational, largest flowering red canna to date. The immense rounded flowers 6 to 7 inches across in mammoth clusters on upright stalk, are of the most intense penetrating fiery-scarlet. Great borders of this variety surrounding the Capitol at Washington last season attracted much attention. Each 25c, doz. \$2.00, 100 for \$12.00.

3052 City of Portland A grand new Canna. Magnificent heads of perfectly formed flowers. Color, bright, rosy, salmon-pink. The best pink to date. 4 ft. Each 20c, 12 for \$2.00

3061 King Humbert This wonderful Canna is the attraction wherever grown. Dark bronze foliage and immense, bright orange-scarlet flowers. Height 4 feet. Each 15c, 12 for \$1.50.

3071 Queen Helen Yellow Humbert. A sport from King Humbert, having plain green foliage and enormous flowers. Color, golden yellow, dotted and blotched bright-red. Height 4 feet. Each 20c, 12 for \$2.00.

3053 Crimson Bedder Height 3½ feet. Green foliage. Compact habit. Large trusses of intense crimson flowers. One of the best. Largely used for bedding. Each 15c, 12 for \$1.25.

3060 Golden Gate Height 4 feet. The flowers open golden yellow, but soon become richly rayed with orange-crimson and apricot. Each 15c, 12 for \$1.25.

3091 Set of Six Best Cannas for 90c.

Caladium

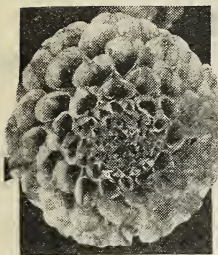

Elephant's Ear, Caladium One of the most effective tropical-like plants in cultivation for bordering Canna beds, or for planting singly or in masses on the lawn. Largely used in parks where their decorative value is appreciated. For best results, plant where they can be watered freely.

3601 First size bulbs 20c each, 3 for 55c, 12 for \$2.00.

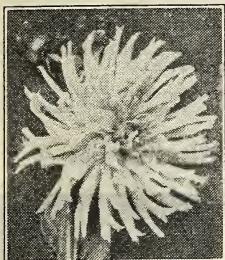

Double Tuberose

3620 Excelsior Dwarf Pearl. No flower is more fragrant than the Tuberose. It is of very easy culture, producing tall spikes of fragrant, white flowers in August and September.

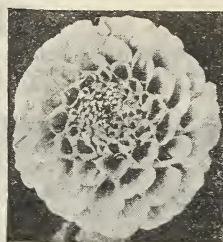

Extra large first size bulbs 2 for 15c, 6 for 40c, 12 for 75c.

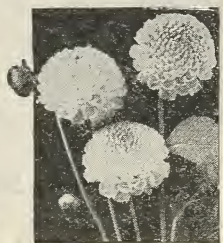

Decorative Dahlia

Cactus Dahlia

Show or Ball Dahlia

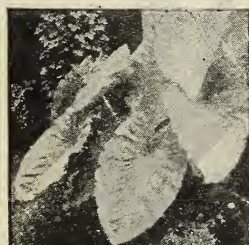

Pompon Dahlia

Queen Helen

King Humbert

Caladium or Elephant's Ear

Double Tuberose

Hardy Herbaceous Roots

No home is complete without a well-selected assortment of hardy roots. They require so little attention and increase in size and beauty from year to year. Everything listed on this page is perfectly hardy, and our prices will be found very reasonable when quality is considered.

Hardy Chrysanthemums

Old-Fashioned Hardy Chrysanthemums

The well-known autumn flowers of our grandmothers' gardens that produce such an abundance of beautiful flowers at a time when they are most appreciated. In the following we have selected varieties that have proven hardy in the North with slight protection.

3801 Autumn Glow American Beauty shade of rosy red. Medium large, perfectly double. A very profuse bloomer. Each 15c, 12 for \$1.25.

3802 Golden Queen Large double golden yellow flowers. This is one of the most attractive and has a profusion of flowers. Each 15c.

3803 Indian Chief Coppery red, shaded brilliant crimson. Very double and free bloomer. The best red. Each 15c, 12 for \$1.25.

3804 Bronze Pompon Neat compact plants. Covered with small brilliant bronze double flowers. Each 15c, 12 for \$1.25.

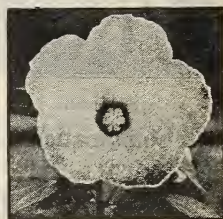

3805 Victory Popular pure snowy white, like a big double, white Aster. Very profuse bloomer. Fine for home or cemetery planting. Each 20c, 12 for \$1.25.

3815 Set of five varieties not labeled 65c

Hibiscus, Meehan's New Mallow Marvel

The most valuable acquisition in hardy Herbaceous plants introduced in recent years. Forms large plants or clumps 5 to 6 feet high and 3 to 4 feet across, blooming profusely from July to late fall. Immense single flowers 6 to 8 inches across, in the most beautiful colors, from white through various shades of pink and red to brilliant crimson. We, however, cannot supply them in separate colors.

3699 Strong 1 year blooming size 15c, 4 for 50c.

Meehan's Mallow Marvel

3551 Lily of the Valley

Universally admired for their dainty little pure white bell shaped flowers and exquisite fragrance. Easily grown, perfectly hardy everywhere, preferring a moist shady location. We have 50,000 fine Holland grown plants ready to fill your orders. 6 for 25c, 12 for 45c, 50 for \$1.50, 100 for \$2.75.

Lily of the Valley

3651 Aquilegia Columbine. The large, unique, long spur, red flowers, gracefully hung on tall stems, always attract attention. Perfectly hardy increasing in size from year to year. We list only the New Long-Spurred Hybrids, in finest mixed colors. Each 15c, 3 for 40c.

3660 Hardy Baby's Breath Gypsophila. Immense panicles of pure white fine gauze-like flowers in July and August. Indispensable for bouquets with other flowers. If cut when first open, tied in bunches and hung in a dark closet, tops down, to dry, they make a beautiful winter bouquet in connection with Helichrysium and other straw flowers. Strong 2-year blooming roots 25c, 3 for 60c, doz. \$2.00.

3664 Burbank's Shasta Daisy An improved type of Hardy Chrysanthemum Maximim, having immense single glistening pure white flowers 3 to 4 inches across, on tall stems. A fine cut flower, and very showy in the garden. Hardy and of easy culture. Each 15c, 4 for 50c.

3652 Hardy Aster Michaelmas Daisy. These are among the showiest of our late-flowering hardy plants, producing an abundance of flowers during September and October, when most other hardy flowers are past. They grow freely in any soil, and require very little care. We offer them in three distinct colors, pure white, pink and lavender. Sold only in sets of three colors. The set for 40c.

3790 Yucca Filamentosa (Adam's Needle.) A tropical-looking plant; long, narrow leaves that remain green the entire year. Tall stem in summer three or four feet high, bearing large spikes of creamy-white, bell-shaped, flowers that retain their beauty for a long time. 2 year roots 20c each, 3 for 50c, doz. for \$1.75.

Hardy Native Ferns

These beautiful hardy Ferns have been collected for us in the mountains, woods and fields of Northern Vermont, by our experts. You have some shady nooks or corners where they will do well, haven't you?

3816 Ostrich Plume Fern (Onoclea) As graceful as a palm and very easy to grow. The beautiful fronds grow 2 to 3 feet high and 6 to 8 inches across. Best for backgrounds. Each 25c, 6 for \$1.00, 12 for \$1.75.

3817 Evergreen Woods Fern (Aspidium Marginale) Its large green fronds have a bluish tinge and are very durable. Cut fronds keep a long time. One of the best for massing. Each 15c, 6 for 75c, 12 for \$1.25.

3818 Hayscented or Gossamer Fern (Dicksonia) Does well in sun, shine or shade, forming beautiful masses 15 to 18 inches high. Each 15c, 6 for 75c, 12 for \$1.25.

3819 Christmas or Dagger Fern (Polystichum) Fronds being largely used by city florists. Easy to grow and popular. Each 15c, 6 for 75c, 12 for \$1.25.

3825 Set of four varieties not labeled 50c

German or Flag Iris

Iris Germanica. The Fleur-de-lis of France

Very popular old-fashioned, hardy garden favorites, requiring little attention. Splendid for permanent borders along the driveway or edge of shrubbery. The prices are so low that you will want lots of them. We have selected 8 of the most distinct and desirable varieties as described below. We know of no plant more easily grown. Will furnish an abundance of flowers for Memorial Day.

3852 Canary Bird Very early. Self colored pale canary-yellow. Brown base. 15c each. 3 for 40c; doz. \$1.25.

3874 Her Majesty New. Standards rose-pink, falls bright crimson with darker shadings. 15c each; 3 for 40c; doz. \$1.25.

3858 Honorabilis Standards golden yellow, falls richly veined mahogany. 15c each; 3 for 40c; doz. \$1.25.

Beautiful Chinese Peonies

Clump of Peonies

Have you ever thought how beautiful a row of Peonies would look along the side of your lot, or how nice it would be to have a clump of the four colors in the corner of your school yard? Peonies bloom early, say along about Decoration Day and there is no other flower as popular as peonies for school commencement exercises.

Peonies are hardy as an oak tree and they are first of all the hardy herbaceous plants for size and beauty, as well as ease of culture. They form large clumps, as they grow older. A millionaire can have nothing finer and anybody can afford them for they are so inexpensive. Of the hundreds of named varieties at high prices, there are none that will please you more than these, we offer in separate colors at nominal prices. We want every customer to plant at least one set.

3921 Double Pure White, Each 30c; 3 for 80c.

3922 Double Flesh Pink, Each 35c; 3 for 95c.

3923 Double Deep Rose, Each 35c; 3 for 95c.

3924 Double Dark Red, Each 45c; 3 for \$1.25.

3925 Set of above 4 Peonies Only \$1.25.

Delphinium, Hardy Larkspur

3826 Belladonna The beautiful "Belladonna" with its large spikes of clear sky-blue flowers always attracts attention. They bloom continually from July to frost. Perfectly hardy everywhere. See illustration, which is from a photograph. Strong blooming roots. Each 20c, 3 for 50c, doz. \$1.75.

3827 Bellamosa Similar to Belladonna except in color, being a rich, deep blue, with distinct large white center. Each 20c, 3 for 50c.

3828 Gold Medal Hybrids Vigorous, free blooming, with flower spikes 2 feet long. Grand assortment of colors, ranging from light blue to purple. Each 20c, 3 for 50c.

3829 Set of 3 above Varieties for 50c:

3763 Hardy Everlasting Sweet Peas

(*Lathyrus Latifolius*). Fine for covering old stumps fences, etc. They are perfectly hardy, increasing in beauty each year. Valuable for cutting. Sold only in sets of three colors—White Pearl, Pink Beauty and Splendens Red.

Set of three not labeled, 35c, 3 sets for \$1.00

Delphinium Belladonna

Hardy Flowering Shrubs

Every home should be surrounded by a carefully selected assortment of hardy shrubs, so a continual succession of flowers may be had throughout the season. Once established, they require little attention, increasing in size and effectiveness each year. The stock we offer is strong, one year, field grown, well rooted, dormant plants 12 to 18 inches high, cut back, ready for planting.

Double Althea

4000 Hydrangea

Paniculata Grandiflora. Grows three to four feet high and is very bushy and compact. Blooms in July at a time when few other shrubs are in flowers, the flowers remain until destroyed by frost. The flowers are pure white, changing to pink, and are borne in immense clusters. **Strong 1 year plants** Each 25c, 3 for 60c, 12 for \$2.25

4150 Extra strong 2 year. Each 45c, 12 for \$4.50.

3999 Hills of Snow **Hydrangea Arborescens.** The foliage is almost hidden by beautiful immense pure snow-white blooms in June and July. One of the few shrubs that succeeds in partial shade. Will stand 20 degrees below zero. **Each 30c, 3 for 75c.**

4026 Mock Orange **Or Syringa (Philadelphus).** It seldom or never fails to bloom. The fragrant and beautiful waxy-white flowers appear in great profusion in June. In shape and fragrance they resemble orange blossoms. **Each 20c, 3 for 50c.**

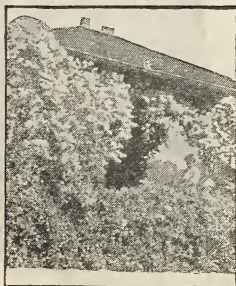

4070 Spirea Anthony Waterer A very desirable dwarf, perpetual blooming shrub forming neat bushes two feet high, with large flat sprays of rosy-crimson flowers from June to September. **Each 25c, 3 for 60c, 12 for \$1.75.**

4071 Spirea Van Houttei One of the most beautiful and graceful ornamental shrubs in the entire collection. Very largely used in all landscape work. Will fit in anywhere where graceful effect is desired. We sold 45,000 plants last year. **Each 20c, 5 for 75c, 12 for \$1.50.**

4065 Snowberry **Symphoricarpos Racemosus.** Neat shrubs of slender graceful growth, small pink flowers in June, followed by waxy-white berries. **Each 20c, 3 for 50c.**

3970 Coral Berry Similar to the Snowberry, the smaller red berries cluster in thick ropes along the weighed-down stems. **Each 20c, 3 for 50c.**

4090 Weigela Rosea A very desirable strong growing shrub with deep pink flowers in great profusion in June and July, forms neat plants 5 to 6 feet high. **Strong plants, 20c, 3 for 50c, doz. \$1.75.**

Clematis Paniculata

Double Althea **Rose of Sharon.** Attractive hardy shrubs and forming symmetrical small trees; also grown as flowering hedges. Large showy double flowers. **July to October. 3951 Double white. Each 20c. 3952 Double red. Each 20c, the two for 35c.**

Japanese Barberry A very desirable dwarf growing shrub for bordering clumps of large shrubs. Fragrant yellow flowers followed by red berries. Very largely used for ornamental hedges. We sold 60,000 plants last year. **3960 extra strong 1 year, well branched, \$8.00 per 100.**

4110, 2 year transplanted, well branched, \$15.00 per 100.

Bush Honeysuckle

3963 Butterfly Bush **Buddleia or Summer Lilac.** One of the most desirable summer flowering shrubs, beginning to bloom in July, it continues until cut by severe frost. The flowers are of a pleasing shade of violet mauve. Succeeds everywhere and blooms freely the first season. In the North it dies down to the ground in winter forming a new bush each year 5 to 6 feet high. **Each 30c, 3 for 75c.**

3975 Deutzia **Pride of Rochester.** Showy Japanese shrubs. Their clean foliage, upright growth, free flowering nature, renders them especially valuable. Double bluish white flowers in clusters along the branches in July. **Each 20c, 3 for 50c.**

Mock Orange

3985 Forsythia **Golden Bells.** A tall growing shrub with glossy green foliage, and an abundance of golden yellow, drooping bell shaped flowers on long, graceful branches. Bloom very early. **Each 20c, 3 for 50c.**

3995 Bush Honeysuckle **Lonicera Tartarica.** 4 to 6 feet. Neat habit, glossy green foliage, and pretty little pink flowers in pairs ("Twin Honeysuckle"), followed by red berries. **Each 20c, 3 for 50c.**

Spirea Van Houttei

4190 California Privet **(Ligustrum).** For an immediate effect Privet is best for Hedges. Vigorous growth, glossy dark green foliage until after Christmas. Almost evergreen. Don't plant where the thermometer goes much below zero. **2 year extra heavy 2 to 3 ft. doz. \$2.50, for 100 \$15.**

Hardy Climbing Vines

Nothing adds more to the attractiveness of any home than a few well-selected hardy vines. For porches, arbors, etc., and indispensable for hiding unsightly places.

4251 Ampelopsis Veitchii **(Japan or Boston Ivy).** Popular hardy climbing vine that clings to and completely covers any brick or stone wall. **1 year plants. Each 20c, 3 for 50c. 4301 Strong 2 year 35c, 3 for \$1.00**

4252 Dutchman's Pipe **(Aristolochia).** A vigorous, rapid growing vine with large, dense foliage. **Strong vines, 30c, 3 for 80c, doz. \$3.00.**

4260 Clematis **(Paniculata).** Sweet-scented Japanese Clematis. Completely covered in September with snow-white fragrant flowers. **20c, 3 for 50c.**

4270 Honeysuckle **(Hall's Japan).** Very rapid climber. Evergreen foliage, creamy-white fragrant flowers June to August. **20c, 3 for 50c.**

MORE PEOPLE SEE THE OUTSIDE, THAN SEE THE INSIDE OF YOUR HOME. MAKE IT ATTRACTIVE

Everblooming Hybrid Tea Roses

Large Two-Year, Field Grown Plants

Gruss an Teplitz Rose

The great value of this class of roses is in their everblooming habit, producing their beautiful fragrant buds and roses continually from June to October. They are not absolutely hardy in the north, but with proper protection will winter over nicely, and will amply repay you for the extra labor required. The best plan in planting Hybrid Tea Roses is in prepared beds, three or four feet wide. Prepare the soil to a depth of two feet, and plant 15 to 18 inches apart. Cultural instructions sent you with each order.

4351 Gruss an Teplitz As a bedding Rose this is one of the finest. The color is its very fragrant. The freest grower and the most profuse of any ever-bloomer. The mass of color produced is wonderful, and the foliage is extremely beautiful, all the young growth being a bronze-plum color. A queen among scarlet bedders. Will produce more flowers throughout the year than any other rose. 75c each, 3 for \$2.00.

4352 Kaiserin Augusta Victoria This splendid Rose should be in every collection. In color it is a soft pearly-white, tinted with just enough lemon in the center to relieve the white, remarkably fragrant, beautifully formed flowers on long, graceful stems; a strong, healthy grower. 75c each, 3 for \$2.00.

4353 Madame Caroline Testout One of the most popular roses in its class and undoubtedly one of the best for outdoor culture. Should be in every garden. Immense, large, clear pink flowers, full and double, beautiful buds. Very hardy, blooms very freely, almost always in bloom. 75c each, 3 for \$2.00.

4390 Set of above 3 Roses for only \$2.00

Pot Grown Hybrid Tea Roses

They bloom continually all summer. Will winter over if properly protected. Grown in the greenhouse in 2 1/4 inch pots and will be 6 to 8 inches tall. This is a fine assortment for little money.

Bessie Brown. Creamy white, flesh shadings. Outer petals edged pink. **Champion of the World.** Glossy pink. **Eugene Marlitt.** Rich, bright carmine.

Helen Good. Delicate yellow, suffused with pink. Very attractive. **Kaiserin Augusta Victoria.** Best of all white Hybrid Tea Roses.

Miss Amelia Gude. Charming yellow. Outer petals reflex. Long buds. **Red Letter Day.** Satiny crimson. An exceedingly beautiful rose.

4395 Sold only in Full Sets. The Seven for \$1.00

Four of the Best Hardy Hybrid Perpetual Roses

These are the beautiful "June Roses" so universally popular. They are the largest and richest in coloring of all roses, and perfectly hardy. We have selected only four varieties that are generally considered the best.

4401 Frau Karl Druschki (Everblooming White American Beauty). This is undoubtedly one of the grandest hardy pure white Roses ever introduced. Makes splendid buds and immense flowers 4 to 5 inches across. Each 60c, 3 for \$1.50, doz. \$5.50.

4402 George Arends (Pink Druschki.) A magnificent new rose, closely resembling the popular Druschki in character and free blooming habit. Producing an abundance of satiny rose-pink flowers from June to October. One of the most popular roses grown. Each 65c, 3 for \$1.75, doz. \$6.00.

4403 General Jacqueminot A rich, velvety crimson, changing to a scarlet crimson. The best known of all hybrid perpetuals, and is without rival in fragrance and richness of color. Each 50c, 3 for \$1.25, doz. \$4.75.

4404 Paul Neyron The largest Rose in cultivation, sometimes called the Peony Rose, delightfully fragrant. Color bright, fresh cerise red. Flowers are very double and full. Each 60c, 3 for \$1.50, doz. \$5.50.

4440 The Four Best Hardy Hybrid Perpetual Roses for only \$2.00

Hybrid Perpetual Roses

Perkins Rose

4501 Baby Rambler An Everblooming Hardy Cluster Rose. Entirely distinct from all other roses. Neat, dwarf, compact habit, in bloom from June until frost. Pretty little perfectly double flowers in large clusters. A brilliant crimson. Retains its glossy foliage all summer. Grows about 18 inches high. Each 35c, 3 for \$1.00, doz. \$3.50.

Beautiful Hardy Climbing Roses

Strong Dormant Field Grown Blooming Size Plants

4451 Climbing American Beauty A splendid Rose of great merit. A vigorous climber, producing beautiful double roses 3 to 4 inches across in great profusion. Bright rosy crimson. Each 40c, 3 for \$1.10.

4452 American Pillar A single flowering variety of great beauty. The flowers are of large size, 2 1/2 to 3 inches across, of a lovely shade of pink, with a clear white eye and cluster of yellow stamens. The most beautiful rose plant we have ever seen was an American Pillar. Each 35c, 3 for \$1.00.

4460 Dorothy Perkins The original "Perkins" Rose, and the most popular pink climbing rose to date. A vigorous, rapid climber with glossy green foliage and clusters of clear shell-pink double flowers. Each 30c.

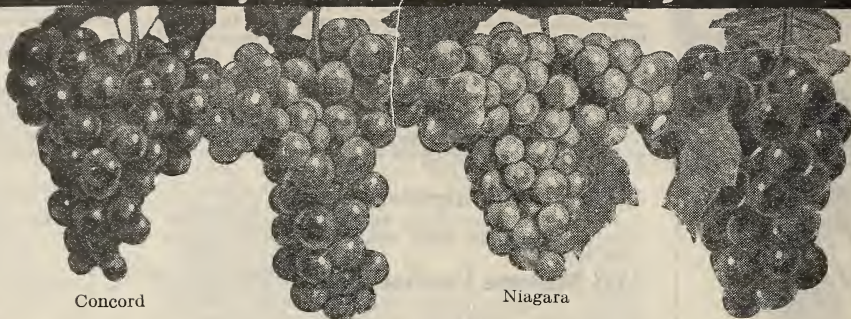

4461 Excelsa Crimson Perkins. Brilliant crimson, double flowers in immense clusters. Better in every respect than the popular Crimson Rambler, Glossy green foliage, not subject to mildew. Each 30c.

4462 White Dorothy A magnificent pure white climbing Rose, identically like Dorothy Perkins, except in color. Each 30c.

4490 Set of 3 Perkins Climbing Roses, 75c

Selected Small Fruits

4 Grape Vines Only 50¢

Concord

Agawam

Niagara

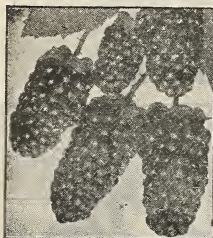

Worden

No item in this catalog will give you greater satisfaction than this splendid set of Hardy Grape Vines. Every home, if only on a city lot, will provide room to plant them.

4551 Agawam Large red berries, compact bunches. Each 20c, 12 for \$1.50.
4552 Concord Best known grape. Easy grower. Each 15c, 12 for \$1.25.

4553 Niagara The best white grape grown. Each 20c, 12 for \$1.50.
4554 Worden Large, black, hardy grape. Each 20c, 12 for \$1.50.

4590 Set of 4 Strong, Well Rooted, One Year Old Grape Vines illustrated above Only 50c

Eldorado Blackberry

The Best Blackberry

4601 Eldorado This most popular hardy Blackberry is known everywhere and is more largely grown than any other variety because of its extreme hardiness and dependability. Where other varieties often fail by winter killing, Eldorado can always be depended on for an abundant crop of nice large berries. 6 for 50c, 12 for 90c, 100 for \$6.00.

Best Black Raspberry

4610 Cumberland The "BUSINESS BLACK CAP." Biggest black Raspberry grown. This is offered with the assurance that it is the most profitable and desirable variety for home or market. Cumberland is very hardy everywhere. Extra productive, being the heaviest bearing variety in cultivation. Fruit is extra large, jet black, and of superior quality. Ripens medium early. This is the Standard Black Cap Raspberry, being more extensively grown than any other variety. Price, 6 for 45c, 12 for 85c, 50 for \$2.75, 100 for \$5.00.

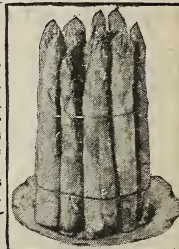

Asparagus Roots

4651 New Pedigree Washington Recommended by the U. S. Government at Washington. This strain was obtained by continual selection of the best plants of the variety Martha Washington, and produces large, straight, dark green shoots of excellent quality. It is nearer being rust-proof than any other variety. We have 100,000 roots of this fine new variety. Strong roots, doz. 50c, 50 for \$1.50, 100 for \$2.25.

Rhubarb Roots

4665 Early Victoria

A few clumps of rhubarb in a corner of the garden will furnish a continual supply of material for pies and sauces during the early summer months. Strong one-year roots 3 for 25c, 12 for 85c.

Asparagus

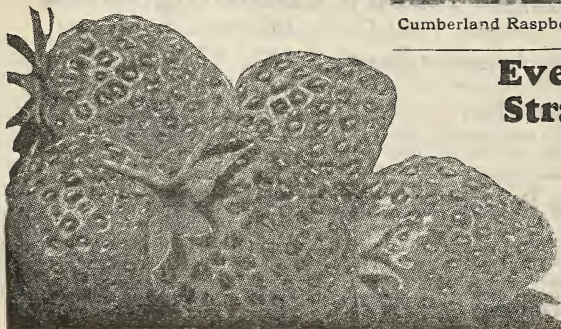

Cumberland Raspberry

New Everbearing Raspberry

4615 St. Regis Well worthy a place in every garden. It produces an abundant main crop in June like the common variety. Then remove the old canes and the young ones will produce July to October 3 for 25c, 12 for 75c, 100 for \$6.00.

The Best Red Raspberry

4620 Early King A week earlier than Cuthbert. Canes are strong, berries large, bright red, firm and easily picked. For market it is a money maker. Equally desirable for home use. 6 for 45c, 12 for 85c, 50 for \$2.75.

The Luscious Berries of Progressive

Everbearing Strawberry

4635 Progressive Wouldn't it be nice to be able to pick Strawberries during the late summer and fall after the common June varieties have stopped bearing? This is just what you can do if you plant this new Everbearing Progressive. They are easy to grow, the best practice being to keep the plants from bearing early by keeping the blossoms picked until August. Then the strength goes into making strong plants and you will get a big crop in late summer and fall of the first year. The berries are of good size and delicious quality. Price 6 for 30c, 12 for 50c, 50 for \$1.50, 100 for \$2.50, 1000 for \$15.00.
